Dear Mark,

On behalf of the American Cancer Society and our chairs, Darcy and Lindsey Stewart, Jessica and Ryan Dickson and June and Jim Hinson, we thank you for the generous gift of \$2500 to the American Cancer Society's Coaches vs. Cancer 9th annual Season Tipoff Event.

Coach Norm Stewart started the Coaches vs. Cancer program over 24 years ago helping to raise over \$100 million dollars in the fight against cancer. With supporters such as you, we can continue his legacy in the fight, while supporting the American Cancer Society's mission of eliminating cancer by helping people stay well, get well, find cures, and fight back.

At this year's event, over 500 guests filled the Grand Ballroom at Bartle Hall enjoying great food, drinks, an auction, and the main attraction of hearing the banter and candid conversations between some of our most popular local coaches. This year the panel discussion was emceed by Mr. Jay Bilas and was not only very informative, but entertaining, and enjoyed by all!

As the staff partner, it is my pleasure to recognize and thank you for supporting the efforts of the American Cancer Society and our Coaches vs. Cancer Season Tipoff Event. Thank you for helping us save lives and celebrate life. Every action we take moves us one step closer to achieving a world free from the pain and suffering of cancer! We couldn't do it without you.

We look forward to seeing you at next year's Coaches vs. Cancer Season Tipoff as we celebrate the 25th anniversary of Coaches vs. Cancer and our 10th anniversary for our local event.

Thank you again for your support.

Sincerely,

Robin Levine
