Our online bidding site will have everything you need, from silent auction, to premier auction, to raffles, videos and so much more! **And ANYONE can participate in our auction...** there is no limit! WHY?

While our event is virtual, our mission continues. Cancer doesn't care which child it attacks and every few minutes, a parent learns it's theirs. In the United States, cancer kills more children than any other disease, more than asthma, AIDS, congenital anomalies, cystic fibrosis, and diabetes combined. Our team of coaches, including Bill Self, Bruce Weber, Billy Donlon, Cuonzo Martin and Jacie Hoyt, call on you to help us BEAT childhood cancer. Our paddle raise is designated to lifesaving pediatric cancer research and you can join our team by donating today.
