

RE: Paper Price Increase

11/22/2021

Hello Friends,

As we have seen with many of our commodity items we purchase in our business and personal lives, the paper mills have announced a price increase. All of the mills have increased at the same time so it is across the board for the entire country.

As with all of our pricing, we increase your pricing only when our vendors increase ours. This will take effect April 1st.

We are continually sourcing your paper from the best mills in the USA at the best prices. We are confident that our present supplier is getting all of us the best price and best quality with an American made product.

As always, we sincerely THANK YOU for your business!

~ From the entire OPA Team
